Message From CEO

After Taipei successfully hosted the 21st Summer Deaflympics in 2009, the city was catching Deaflympics Fever. This Deaf Sports event had mark a historic milestone for sports in Taiwan and proves invaluable to participations in such major international events all over the world.

While athleticism and friendly competition were without a doubt the main attractions at this event, the Taipei Deaflympics Organizing Committee also offered a wide range of art performances and exhibitions, concerts, with events highlighting local and international cultural as well as deaf cultural activities. These programs are designed to generate a celebratory atmosphere worthy of such a world-class sporting event, promoting the sharing of life through sports and raising domestic and globe awareness of deaf culture as well as their needs. We make this much more than a sporting event.

All athletes and delegates, volunteers, and everyone who has participated in this successful 21st Summer Deaflympics did their best efforts and experienced a lifetime event. Because of you, in the last 12 days, Taipei made Deaflympics shine.

Dr. Emile C.J. Sheng
Chief Executive Officer
Taipei Deaflympics Organising committee

Message From COO

On behalf of the Taipei deaflympics Organising committee COO, I present final result of the 21st Summer Deaflympics in which closed with a great success on Tuesday, ending 12 days of intensive sports competitions participated by over 4000 athletes, coaches and team leaders from 81 countries.

There has been 95 new Game record and 55 new Deaf World records in the 2009 Deaflympics. Russia as the biggest winner, taking away 29-Gold, 41-Silver and 28-Bronze, while the host country Chinese Taipei retained 11-Gold, 11-Silver and 11-Bronze at home.

The real 'Gold' in staging the Deaflympics is not only connected to medals or even turning a profit but also move a big step forward and is the Deaf Community coming-out parade on the world stage and deliver the best Deaflympics ever.

Finally, I would like to appreciate many peoples while in developing the final results, especially thanks Dr. Donalda Ammons, Ms. Tiffany Granfors, Members of ICSD Execute Committee and Technical Directors who have spent a lot of efforts to check and verify the results that we have tried to be as accurate as possible.
